

Blueprint Wiring Systems mergers with *i-sys* Corp

DATE: September 28, 2009

TO: Our Valued Customers

FROM: William Ohlendorf, President
i-sys Corp., Charleston SC

John Isaac, President
Blueprint Wiring Systems Inc., Knoxville, TN

In an opportunity to provide additional services to our client base, we are pleased to announce the merger between **Blueprint Wiring Systems**, Inc and *i-sys* Corp in the Eastern Tennessee region. This merger will capitalize on the long-term value of customer service between both companies while adding resources in all aspects to our business delivery.

For the past eight years, President John Isaac has expertly positioned **Blueprint Wiring Systems**, Inc. as one of Eastern Tennessee's leading low-voltage communications and security systems integrators. In addition to Blueprint's team of dedicated technicians and employees, John personally brings to the table more than twenty -five years of expertise in the communications industry and a Masters Degree in computer science. John's expertise also includes the successful launch and management of ICX Online, Inc., one of Eastern Tennessee's first commercial Internet service providers.

i-sys Corp (*i*-integrated **s**ystems) which was incorporated in early 2000 was created to provide sales, installation, and service of the latest technology in computerized systems for Fire Monitoring, Security Management, and Temperature Controls in the commercial industry. Serving alone as an individual system or integrated together to provide maximum benefits to operations and cost savings, *i-sys* provides quality engineered solutions required to meet each project. *i-sys* Corp has built their business with the focus of service and how to maximize the benefits for each customer. Based on this commitment, *i-sys* Corp has grown outside of their home office in Charleston, SC to five local offices covering the US and Europe.

This merger will capitalize on the strengths of both companies providing new and existing customers with expanded resources for integrated security, communication and environmental solutions. **Blueprint Wiring Systems** will remain structured in its organization, supported by additional staff from *i-sys* Corp. John Isaac will continue in his role as General Manager, while *i-sys*' Vice President of Sales, Mike Prysock will oversee corporate sales. **Blueprint Writing Systems**, now *i-sys* Corp will remain at its current location, 1727 Amherst Road in Knoxville, TN.

With the expanded service area in Eastern Tennessee, *i-sys* Corp will continue to provide customer service second-to-none, our industry-leading, security and environmental solutions and a wide array of integrated sound and communications systems. The entire Knoxville staff is committed to exceeding your expectations. We won't just do the work... we'll offer you solutions.

We look forward to working with you on current projects and new ones yet to come!
